Boxing Tourney to Hold Spotlight at Antioch High

Coach Childers Announces Annual Event for Mar. 18, 19 and 20

According to the dope in localistic circles, there are to be 12 bouts each evening, on Monday, Tuesday and Wednesday, so that the annual event will be history before the advent of the Easter holiday. There will be seven weight classes, ranging from the fly-weight feather-pushers of 100 pounds to the heavies of 180 pounds ringside.

China's Welfare Concerns United States--Speaker

Motion Pictures of Interior China Are Shown by Cameraman Scott

After thirty-one months of warfare, the people of China still have courage and humor, Ray Scott, newspaper correspondent and cameraman, told the capacity audience that attended the annual public lecture sponsored by the Antioch Woman's club Monday evening in the high school auditorium.

Technicolor pictures of scenes in the interior of China, where life and commerce, disrupted by warfare with Japan are being re-organized, held the absorbed attention of the audience.

Japan's greatest obstacle to conquering China is the several hundred million people living in China, as against the far smaller population of Japan, said Scott.

"Figuring that China is about one-third larger than the United States, and assuming that the seacoast were about where New York is, Japan would have conquered the territory about as far as the Mississippi," he observed.

"This is misleading, however, for what Japan has actually conquered or is at present able to hold, is a few of the larger and 'key' cities. Actually, a few miles out in the country from these cities, fighting is going on all the time—guerrilla warfare. And don't think the Chinese aren't good at it!"

"In the event that Japan should actually, eventually, conquer China, there is no doubt but what we here in the United States would feel the effects—not so much in a military sense, perhaps, as in an economic sense."

"Slave Labor" Market
"In that event, Japan would probably find in China, with her millions of people, a vast stronghold of literally 'slave labor,' and would flood the work market with goods with which we could not, economically speaking, compete. And I am afraid, in a case like that, there would probably be no international WPA for Uncle Sam!"

If it were not for certain supplies obtainable from the United States, such as high-octane gasoline used in bombing planes, Japan would not have been able to carry on the war with China as long or as successfully as has been done, said Scott.

The motion pictures showed scenes along the "war road" over which supplies have been carried from seaports in French Indo-China into the interior of China, in American-built trucks.

Other scenes showed the exporting of tung oil, by means of which China has been able to pay for supplies from the United States; the aboriginal "hill tribes" of China; the manner in which the guerrilla warfare is carried on, and the last panda to leave China, brought back by the expedition of which Scott was a member and now at the Brookfield Zoo.

Anglers Hope for Early Bass Fishing

A few days of early spring bass fishing are in prospect for local anglers who are hoping that ice-bound lakes and streams will be cleared several days ahead of the start of the closed season on the game fish on April 1. With weather fair and warmer within the next week the fishermen hereabouts may be able to realize their ambition.

The open season for bass in the northern zone, is from June 16 to March 31, hook and line only, and the daily limit is 10.

BOOTS, BOOTS, BOOTS!

Former Champ May Be McMullen Foe at Firemen's Show

Sonnenberg, Local Battlers Will Add Color to Mat Card April 5

Gas Sonnenberg, former World's Champion heavyweight wrestler may be matched with Jim McMullen, for the main event of the second annual Firemen's Wrestling and Boxing show to be held at the Antioch Township High school on the evening of April 5. Fred Kohler and Les White, well known promoters, are cooperating with the Firemen's committee, and have promised a bang up program featuring the better known performers appearing in the big Chicago arenas. Kohler said Monday that in the event Sonnenberg could not make the Antioch date, he would select an opponent for McMullen from a group such as, Kola Kwaraini, the Russian Cossack, Rudy Kay, Ruffy Silverstein, Eddie Virag, Fredrick VonSchner, Gorilla Grubmeier or Hans Schnable.

Pinned the "Strangler"
Sonnenberg, who wrestled the title from Strangler Lewis in Boston several years ago is making his home in Belvidere where his brother resides. "Gloomy Gus" is one of the most deceiving wrestlers in the game today. His short stocky build, rushing tactics and billy goat butt are still causing much consternation among the pretzel-cared bondholders. Sonnenberg popularized the flying tackle type of wrestling which McMullen claims to have invented. Since both men are experts and exponents of the flying tackle, there is some speculation as to what would occur if their heads happened to collide.

The excellent boxing bouts on last year's show caused such favorable comment, that the committee decided to have three or four three-round bouts on this year's card, and Coach Childers has agreed to have some of his best boxers meet suitable opponents from Grant and Libertyville.

Local interest has been aroused over the fact that Carl Pachay has issued a challenge to either Bill Murphy or Chet Kilpatrick, or both. Murphy claimed he should have been given the decision over Kilpatrick after last year's encounter. Pachay seems to have been irritated by listening to the endless discussion and was alleged to have made the statement that "I can throw both of them bums and dress for dinner at the same time." If either of the boys accept Pachay's challenge, the fans may be treated to some real action.

The complete card will be announced next week and will consist of three wrestling bouts, four amateur boxing bouts, and possibly the Murphy-Kilpatrick-Pachay brawl.

Tickets can be purchased at Otto Klass' or from any fireman, and will be priced at fifty cents and one dollar. Net proceeds will go into the Fire Department uniform fund. "Don't forget the date Friday night, April 5th, for an evening of unsurpassed entertainment" the firemen are reminding the public.

Mrs. Lois Laursen of Los Angeles, Calif., who has spent the past three months with Mr. and Mrs. Sol LaPlant and other friends and relatives in Antioch, left Sunday for Minneapolis, Minn., where she will visit her daughter, Miss Bertha Overton.

Hamlin Urges Co-operation in 1940 Census

Government Seeks National Picture of Racial and Industrial Life

"If every family would devote the conversation at one single dinner hour to a discussion of the coming Census of Population, it would be a great convenience to the family, and an aid to the community and to the Government," Mr. F. M. Hamlin, District Supervisor of the Census for this district, told the News this week.

"The Census man is coming to every home early in April," said Mr. Hamlin. "And some member of each family should be designated by the family to act as spokesman when the census-taker comes, and give all the information required about every household occupant, even including roomers and hired help who live in the household." According to Mr. Hamlin, these are the facts that the Census man will call for about every household:

House number and street.
Home owned, or rented; home value, if owned; monthly rental, if rented.
Live on farm? (Yes or No).

Name of every person in household and relationship to head of family; sex, color or race; age last birthday; single, married, widowed, or divorced.

Whether attended school or college since March 1, 1940; highest grade completed.

State or country of birth.

Citizenship of any foreign-born.

Where did each person live five years ago, that is on April 1, 1935? (This is to get a study of internal migration).

To get complete facts of employment and unemployment, each person 14 must say whether at work for pay or profit in private industry during week March 24-30. If not working for private industry, or non-emergency government work, or regular government work, whether working for WPA, CCC same week. If neither at work nor assigned to public emergency work, each person must say whether or not he is seeking work; if not seeking work, whether he has a job or business from which he is temporarily away.

Each person not at work or not seeking work must say whether engaged in home housework, in school, unable to work or "other."

All persons employed by private industry or on regular government work are required to give the number of hours worked the week of March 24-30, and those seeking work and those assigned to public emergency work must state the duration of their unemployment in weeks up to March 30, 1940.

Every person at work, either private or emergency, must give present occupation, industry and class of work. Those without work but seeking work must report on whether they have had previous work experience lasting one month or more and give their last occupation, industry and class of worker. If they have not had previous work experience and are seeking work they will be listed as "new workers."

Information sought on "occupation" above must include exact nature of duties performed, such as trade, profession or particular kind of work done. Under "industry" above, report kind of factory, store or other business in which duties are performed. Under "class of worker" above, report whether a wage or salary worker in private work; a wage or salary worker in government work (including WPA, CCC, NYA); an employer working on own account, or an unpaid family worker.

Bob Hughes Gets In News in Iowa

Robert Hughes, older son of Mr. and Mrs. Carl D. Hughes of Millburn community, figured prominently in Iowa news recently in connection with the selling of the millionth bushel of Pioneer hybrid corn at West Liberty in the tall corn state. Bob, who is in charge of the Associated Pioneer growers at Davenport, was one of those present when the millionth bushel was sold to Louis H. Stagg. The same publication features Bob as the mighty hunter just back from a hunting trip in western Iowa and the picture shows him with what looks like more than the bag limit of game, and the caption remarks: "It looks like propaganda to us."

Bob is an alumnus of the Antioch High school, and his first job after completing the ag course at the University of Illinois, was that of assistant farm adviser of LaSalle county. Later he joined the Lester Pioneer Hybrid corn company and was placed in charge of the company's Davenport district.

Censorship

People in this country despise anything that smacks of a hush-hush policy, like President Roosevelt is following in his present sea-voyage. Such a gumshoe expedition always sharpens idle tongues, and one naturally supposed that the occupant of the White House was too wise a politico to fall for idle gossipers.

But this may be a straw in the wind that exhibits the mental attitude of the President. He plainly hinted at his last press conference that little or no news would be allowed to trickle out concerning his trip.

He may be on a deep-sea fishing trip or away for a look-see at naval defenses of Puerto Rico and Panama. Anyway, Americans are experiencing a bit of what the rigid censorship of Europe means.

True, three news service representatives are allowed to trail the President's ship, but their dispatches are being blue-penciled by the Chief Executive and the United States Navy. Therefore, the unvarnished truth about the trip may never be known to the public.

Blue pencils and sh-h-h make Americans sore and they don't care who knows it.

His Words Return to Plague

Him — or Do They?

"I constantly marvel," President Roosevelt stated in the budget message, "at the glib generalities to the

effect that if one has but the will to do so anybody can reduce government expenditures by vast sums sufficient immediately to 'balance the budget.' It costs nothing to make such statements and they can be decorated to fit into the applause of many audiences." Such "glib generalities" were perpetrated before Mr. Roosevelt became president.

His "marvelling" is peculiar in view of the fact that he did considerable "decorating" himself to impress the voters when he was a contender for that office in 1932. His statements to the effect that bankruptcy would be the nation's fate if Hoover administration "extravagance" were prolonged make interesting reading now in the light of his own administration's fiscal record.

Government budget trickery isn't a lost art.

Dogs, Treadmills—and Taxpayers

We learn from the Congressional Record that the New Deal Government is going to buy, at a cost of \$1,350, a treadmill for a dog owned by the Treasury Department. The idea is to find out how tired a dog gets after going 'round and 'round on the treadmill. If they want to find how tired the "dog" gets, why in the heck don't they catch up an American taxpayer who has been going 'round and 'round on the New Deal taxation treadmill for the past six years?

F. D. R. over the Top!

There were plenty that thought F. D. R. would have to have three terms before he could spend another 26 billions to bring our national debt up to the legal limit, 45 billions, but he's a fast worker and he's right up there and in less than eight years, and you might say almost without half trying. And so he won't need to run for that third term to finish the job; he went over the top with time to spare.

GETHESEMANE: TRIUMPH THROUGH SURRENDER

LESSON TEXT—Matthew 26:39-40.
GOLDEN TEXT—Not as I will, but as thou wilt.—Matthew 26:39.

Surrender brings victory. The world would say that our statement is not true; surrender is the mark of defeat. It is the final chapter in a story of struggle against impossible circumstances, against a stronger power, and finally of giving up to accept the bitter sorrow of subjection and sometimes destruction. But again we say, the way of strength is through surrender, for we speak of the spiritual realm and of our relationship to God. Here there is no victory until there is surrender. In fact, the measure of victory is the degree of surrender. Full submission to Christ means complete triumph for the Christian. The Lord Jesus does not ask His disciples to walk a way which He has not trod Himself. He went the way of full surrender to the will of God in the garden of Gethsemane. We observe five things about this way of "triumph through surrender." It was

I. A Way of Sorrow (vv. 37, 38). He was exceedingly sorrowful unto death. It was not an easy thing that the Saviour did as He fulfilled the will of God the Father in the garden. We know that no man ever sorrowed as He did on that day, for only He bore the sins of the world. There is, however, a lesson here for us who are His disciples. If this is the road the Master trod, should not His servants tread it still? The way of victory for us is through surrender.

II. A Way of Self-Denial (vv. 39, 42, 44). Self-denial does not consist in depriving one's self of some little cherished luxury. It means the denial of self, namely, that self-will is put aside and God's will is supreme.

It was no "easy thing for Jesus to carry out the Father's will and to go to the cross. He was submissive to that will; yet in this hour of anguish in the garden, when the unspeakable horror of what lay ahead almost overwhelmed His soul, it means much to say, 'Not as I will but as thou wilt'." (Dr. B. L. Olmstead). It may be a hard thing to do, but by His grace we too may say, "Thy will be done."

III. A Way of Loneliness (vv. 39, 40, 41, 43).

There were three disciples with Him as He entered the garden, and their very presence reminds us how very much alone Jesus actually was. There were twelve with Him in the upper room, but one went out into the darkness to betray Him. Eleven came with Him to the gate of the garden, but only three came into the garden with Him. Even they could not go all the way with Him. He prayed and agonized alone, and the three who were near at hand failed Him and slept through the dark hour when He most needed their fellowship in sympathy and prayer.

Alone? If the Master had to walk the way of surrender alone, let no Christian expect that it will be otherwise for him. Let us thank God for every blessing of true fellowship, but let us not be surprised if we are often called to walk alone—with God.

IV. A Way of Betrayal (vv. 45, 46). "He is at hand who doth betray me" "into the hands of sinners." One feels that the cup of the Master is already overfull without adding betrayal by one of His own, but there it is, a dark and tragic reality. Note with what peace and assurance Jesus goes to meet it. The victory has already been won in prayer, in communion with the Father, and in submission to His will.

No one of us will ever know such a betrayal as that of our Lord, but we do face similar crises as we go on in a life of devotion to God's will. We do well to remember the experience of Christ that we be not overwhelmed by the treachery of men and that we prepare ourselves to meet it with the power and grace of our God.

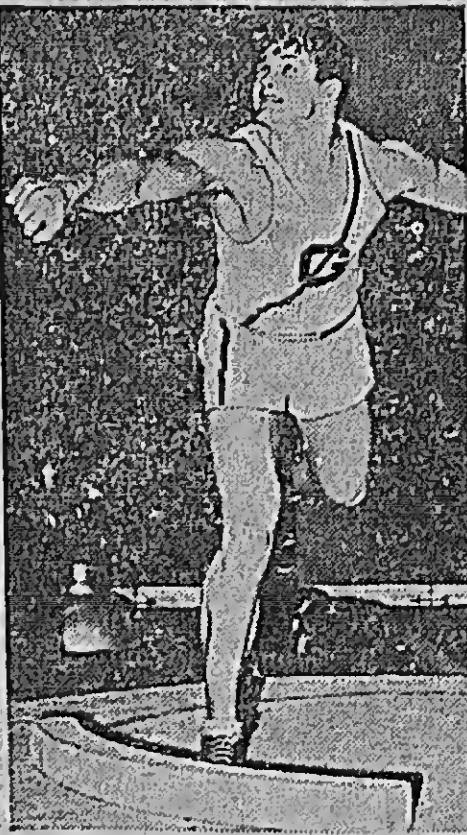

V. A Way of Divine Fellowship and Blessing (vv. 30, 42).

The way of surrender is a glorious and delightful way to go. But, some one may ask, have we not been talking of sorrow, self-denial, loneliness and betrayal? Yes, but even these things may become the means of blessing if God is in them.

Though no man stood by our Lord in His experience in Gethsemane, the Father was there. Jesus talked with Him, prayed to Him, trusted Him, yielded fully to His will, and the result was peace and blessing. We read in Luke 22:43 that an angel also came and strengthened Him.

Springs of Water. And the parched ground shall become a pool, and the thirsty land springs of water; in the habitation of dragons, where each lay, shall be grass with reeds and rushes.—Isaiah 35:7.

Human Howitzer

A new world's shot put record was established recently by husky Al Blozis of Georgetown university, who hurled the shot 55 feet, 8 3/4 inches at the annual A. A. U. indoor track and field meet. Blozis bettered his own world's record.

Dalai Lama

New spiritual and temporal ruler of Tibet, the world's only theocracy, is a six-year-old Chinese peasant boy, Ling-erg La-Mu-Tan-Chu, whose elaborate enthronement recently took place. He is accepted as the reincarnation of the thirteenth Dalai Lama, who died in 1933. Until Ling-erg is 18, a regent will perform administrative duties.

Televisionist

Pictured at work in the office of his Fort Wayne, Ind., laboratory is Philo T. Farnsworth, who was recently designated one of the "ten outstanding young men of 1939." Farnsworth, who is now 31, had filed a patent application on a complete television system before he was 21.

Persistent Suitor

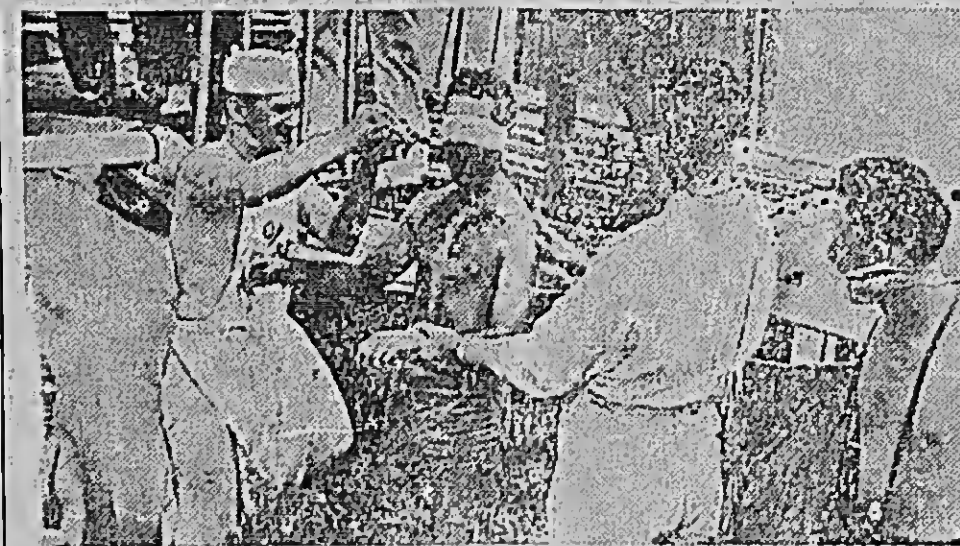

When Haywood S. Kirby, student at Harvard university in Cambridge, Mass., failed to get a date with a Radcliffe college freshman, he decided to take necessary steps. His answer to her refusal was to go on a tree-top slide strike within plain sight of the girl's dormitory window until she decided to give him a date.

Rumanian Troops Rushed to Guard Oil

Germany's challenge to the Rumanian government's ban on the export of aviation gasoline to the Reich has resulted in many of Rumania's 200,000 reserve troops being called to concentration centers. Rumania is reported to have 1,000,000 men under arms, ready for any eventuality.

As Byrd Expedition Crosses the Equator

Southward bound for the wastes of Antarctica, the Byrd expedition held appropriate ceremonies while the U. S. North Star was crossing the equator. Under the guidance of Dr. Alfred B. Geyer, a "southern cross" is slipped on the chest of Murray Wier, assistant physicist of the expedition. Jack Gamble assists by washing Wier's mouth.

Austin Will Speak at Father-Son Banquet

J. O. Austin, principal of Antioch High school, has been announced as the speaker for the annual Father and Son banquet to be held Thursday evening, March 14, in the Antioch Methodist church.

Special musical selections are also to be included in the program, according to the chairman, the Rev. W. C. Henslee.

The dinner will be served at 6:30 o'clock, by women of the parish.

St. Peter's Church Announces Mission

A Mission conducted by the Dominican Fathers, Rev. J. J. McManus and Rev. P. V. Flanagan, will be held every night from March 10 to March 17 at 8 o'clock in St. Peter's church, Antioch. Besides the evening services there will be week-day Mission masses at 6:30 and 9 A. M. These masses will be followed by a short instruction. The regular mission sermons will be preached during the evening services. A mission for children under 16 will be held on Tuesday, Wednesday and Thursday afternoons at 4 o'clock.

People seeking special spiritual advice may call at the rectory at any time during the day or, if they prefer, they may speak to the priest about these matters after the services in church.

"A cordial invitation is extended to all who desire to participate in this spiritual revival," the pastor, the Rev. F. M. Flaherty, announces.

Mrs. Emma Miller, Des Plaines, is at St. Therese hospital in Waukegan for treatment of a fractured hip sustained in a fall on an icy sidewalk near her home Feb. 23.

FRIENDSHIP CIRCLE WILL SPONSOR MOVIE

"Little Old New York," a story of the metropolis back in the days of its infancy, when pigs roamed the streets, and people rode in carriages or on horseback, and the invention and construction of the steamboat was opposed because it "would throw men out of work," will be sponsored at the Antioch theater by Friendship Circle April 3, 4 and 5.

Mrs. D. N. Deering, Harry Greenlee and H. B. Gaston are the committee in charge of the theater benefit, assisted by the entire membership of the circle.

Tickets for the production may be secured in advance from members of the circle.

MRS. ANZINGER TELLS OF "WINTER" SCENES IN VENTURA, CALIF.

"I have been having a grand time visiting my sister and husband, Mr. and Mrs. A. E. Wilbert," Mrs. Elizabeth Anzinger writes from Ventura, California.

"It seems strange to hear lawn mowers and see people irrigating and planting their gardens. . . the flowers are gorgeous."

"I had the pleasure of visiting the Forest Lawn Memorial park in Glendale and seeing the beautiful 'Last Supper' glass window there."

"Best wishes to all friends at Antioch. I expect to be back home some time in April. . . Thanks a lot for sending the paper here. It has kept me in touch with the home news."

Pupils of the Emmens school helped Billie Maye Runyard celebrate her thirteenth birthday anniversary with a party at her home Tuesday. Music, hearts and a number of guessing games were played, after which a luncheon was served. Billie Maye received many lovely gifts.

LEGION AUXILIARY WILL MEET FRIDAY

Business affairs of the organization will occupy the Antioch American Legion auxiliary members at a meeting Friday evening at 8 o'clock in the Legion hall.

Treasured Heirlooms Shown in Women's Club "Hobby Show"

Rare purple luster-ware more than 200 years old, belonging to Mrs. Anna Kelly; "salt glaze"—a prized museum piece—and "Reward of Merit" cards from Sacramento and San Francisco in 1843, the property of Mrs. Albert Norman; a Bennington ware platter valued at \$200 and other Bennington ware, loaned by Mrs. H. S. Roberts; hand-woven linen, hob-nail glass and original paintings—these were only a few of the fascinating articles that filled five or six tables in a "Hobby Show" display held in connection with a meeting of the Antioch Woman's club Monday afternoon.

The home of Mrs. Sydney Kaiser was thronged with members and guest exhibitors, and admiring exclamations were heard on all sides as groups moved about from one section to another, or listened to interesting stories the various speakers told about their hobbies. Mrs. Frank Powles acted as chairman for the program and as spokesman for exhibitors who were unable to be present.

A collection of pennies was displayed by Mrs. Jean Ferris; Mrs. B. R. Burke, whose hobby it has been to furnish her home with stately antique furniture, showed some lovely old pieces of glassware.

A purse knit of yarn brought back from Germany by Mrs. Hans von Holwede was contributed by Mrs. Ed P. Vos. "Souvenir spoons" such as were popular many years ago and were brought back into style by the Century of Progress, were included in the collection brought by Mrs. E. J. Hays. Some of them had belonged to her grandmother, and one, with a bowl of mother-of-pearl and a handle of silver, was particularly interesting.

Silver, too, was Mrs. Kaiser's hobby, and she complemented it with hand-some table linens—some hand-woven—that had been in her family for three generations.

Quaint jewelry that had belonged to her great-grandmother was Mrs. Iza Henry's prized possession.

Mrs. Roy Kufalk's hobby was fancy-work, of which she had an exquisite collection.

Paintings from Photographs

One of the most admired contributions was that of Mrs. Walter French. On a trip she and her husband had taken to Yellowstone Park, Mrs. French had taken photographs of striking scenes. From these she made paintings, gorgeous in their coloring.

BAHA'I GROUP TO HEAR OF LIFE OF ABDUL BAHÁ

"The Life of 'Abdu'l-Baha" will be the subject for discussion at the Antioch-Bristol Baha'i group meeting on Wednesday evening, March 13, at 8:30, in the Mathison home on highway "Q" just east of Paschen lake.

"Abdu'l-Baha, the Baha'i's explain, is the son of the founder of the Baha'i faith, and was the appointed interpreter and exemplar of the faith after his father's passing. In 1912, he travelled from coast to coast in this country, lecturing in the interests of World unity and world peace, the keynote of the Baha'i faith.

These meetings are said to afford a splendid opportunity to those interested in knowing more about what this faith stands for.

Mr. and Mrs. Harry Viezens and Mr. and Mrs. Roy Matthey of Chicago and Mr. and Mrs. L. Kruger of Lake Tahoe, Calif., were entertained at the Paul Viezens home Sunday.

GRASS LAKE

MRS. NIELSEN HOLDS THOUSAND ACES!

That Thursday afternoon pinochle club is really "going to town" this season and the members are winding up the year with some snappy scores. Not long ago, Mrs. Bob Hardman held eight hundred kings and just last week Mrs. Louis Nielsen bettered that record by holding all the aces in the deck for a meld of one thousand! (She also had forty jacks but was so excited she forgot to meld them!) Another member, Mrs. Charles Kempf, just a few weeks ago, melded fifteen hundred trump, but not during

club play. Any one of these scores would cause a lot of excitement and to have all three occur within a short time, to members of the same club, is something that happens very, very seldom. Congratulations, girls!

Mrs. William Malek was hostess to the club last week and other winners besides Mrs. Nielsen were Mrs. Paul Maas, Eleanor Micheli and Martha Smith.

The Hill club postponed its party last week because of the illness of the hostess (this correspondent) but the party will be held this week at her home.

Reports have reached us that more than ten pupils are absent from school because of whooping cough.

AMUSEMENTS

"Rebecca" to be
Given By Rotnour
Players Tonight

Kate Douglas Wiggins' lovable heroine, Rebecca, whose good intentions got her into one scrape after another, and dismayed her maiden aunts, the Misses Miranda and Jane Sawyer, will be brought to the stage of the Crystal theater this evening by the J. B. Rotnour players in "Rebecca of Sunnybrook Farm."

The dramatized version closely follows the much-read novel, Mr. Rotnour says, and is a story of New England folk, with an abundance of quaint comedy.

Next Thursday evening's presentation will be "The She Devil," the story of a rich old uncle with too many relatives. Among them is his favorite niece, who, not satisfied with the share that would be allotted to her from his estate, decides to take it all.

Another niece arrives from Montana, and the story carries on from there.

Jimmy Parsons and his laughing saxophone will be featured in the vaudeville, together with Margaret Peachy in a dance number and Miss Dorothy LaVerne in song specialties.

Merchant tickets may be obtained from firms advertised elsewhere in this issue of the Antioch News. Those planning to attend are advised by Mr. Rotnour to be there early, as good-sized crowds have been present for these weekly performances.

"Strange Cargo" to Be
Shown at Kenosha Theatre

Headed by Clark Gable and Joan Crawford, who deliver two of the strongest characterizations of their film careers, an "all-name" cast of epic proportions makes "Strange Cargo" one of the thrilling experiences of the year. The film opens Friday at the Kenosha Theatre.

Gable is seen as Verne Andre, convict who escapes a South American penal colony, and Miss Crawford as Julie, a cynical cafe entertainer who is forced to join him in his flight. With them are a crew of desperadoes consisting of Paul Lukas as the wife-murderer, Hessler; Albert Dekker as the Cockney safe-cracker, Moll; J. Edward Bromberg as the fear-ridden Planbert; Eduardo Ciannelli as the deluded Telex and John Arledge as the weakling, Dufond. With them also is a mysterious stranger with a bible, Cambreau, played by Ian Hunter, who subtly influences the lives and death of all around him.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Merger of Two Wars Feared If Allies Send Aid to Finland; Poles Drill Big Army in France

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union

U. S. and the Wars: After Six Months

Six months had passed since Germany invaded Poland, since President Roosevelt summoned congress to safeguard U. S. neutrality. Good intentions notwithstanding, the U. S. found itself deeply concerned with Europe's wars—politically, financially, economically, socially. Items in a week's news:

Agriculture

During senate hearings on the reciprocal trade act, Secretary of Agriculture Henry Wallace hinted the U. S. may seek means to help the farmer, whose exports have been reduced since the war started. Main reason for war: Allies claim they need all their foreign exchange to buy munitions. One possible remedy is an excise tax on munitions exports which might be paid to farmers.

Trade

U. S. exports exceeded imports in January by \$126,589,000, the largest margin in recent years. One unhappy trend: Gold and silver holdings of the U. S. piled higher and higher as foreign nations used this method to pay for their purchases.

Industry

Latest item in the \$1,000,000,000 worth of allied war purchases in the U. S. was a \$20,000,000 contract placed with Douglas Aircraft company for construction of bombers for Great Britain.

Civilians

A California youth, stopped at Rockford, Ill., admitted he and 20 other Americans had been recruited by one Col. Charles Sweeney (believed an American soldier of fortune) and ordered to report in Toronto for aviation training. The FBI went to work.

Maritime

The U. S. had two British blockade problems: (1) Britain sought Canadian co-operation in establishing a contraband control system in the Pacific to stop U. S. rubber and tin from reaching Siberian Russia, from whence it may be going to Germany; (2) Pan-American clippers, avoiding British mail seizures at Bermuda, decided to fly direct from the U. S. to the Azores and Lisbon.

Congress

Trodden out were senate-house differences in the measure to raise the Export-Import bank's lending power by \$100,000,000, thus providing \$20,000,000 for non-military purchases by Finland.

Congress' Work

Passed by the House: (1) The senate-approved bill to give Finland a \$20,000,000 non-military loan; (2) a \$93,000,000 appropriation to keep crop control checks flowing to farmers.

Proposed: By Sen. Robert F. Wagner (D-N. Y.), legislation to regulate investment companies on behalf of the Securities and Exchange commission.

Sent to the Senate: The house-approved resolution to extend for three years the administration's reciprocal trade program.

Argued in both Houses: The 1940 census, scheduled to start April 1. While Census Director W. L. Austin moaned, Republican orators urged constituents to risk penalties by not giving census-takers "personal" information which is "none of their damned business."

Maginot line already well manned, observers had reason to wonder where Poland-in-exile will send its first five divisions which will be ready for action by midsummer. Finland seemed the best bet, for behind a ceaseless barrage of rumors and counter-rumors flooding Europe this month, could be seen an ever-narrowing breach between the two wars.

Both London and Paris reported it was certain the allies would land an army at far-north Petsamo, supplementing spasmodic aid which has dripped to the Finns through Norway and Sweden. In the light of this possibility, German overtures in Scandinavia seemed ominous.

The overtures: Nazidom has sought a Finnish-Russian truce to stop consumption of Russian war materials and thus get more for herself; Hitler has also threatened intervention on Russia's side if an allied expeditionary force is sent to Finland's aid. He had also hinted to Norway and Sweden that it would be best for them to block allied aid to the Finns if they wanted to escape the war. But at the same time he had not overlooked the value of Scandinavian friendship, for Swedish iron ore would be cut off if the northern countries joined Britain and France.

Peace Gesture

Despite gloomy news, irrepressible peace rumors still bobbed to the surface. In London Lord Tavistock, chairman of the British council for Christian settlement, said he had received a set of peace terms through Germany's legation in Dublin. These he had passed on to Foreign Secretary Viscount Halifax. The terms: (1) Independence to Slovakia; (2) independence to Poland, with an outlet to the sea; (3) a plebiscite in Austria, maybe; (4) disarmament, if others will do likewise; (5) German re-entry to the League of Nations, provided Britain doesn't continue to run the show. To most observers, they looked like the same old set of peace terms brightened with a new coat of paint.

Mr. Welles Goes Calling

Hastily concluding his preliminary discussions in Rome with Benito Mussolini, Undersecretary of State Sumner Welles hurried to Switzerland and thence to Berlin. What had been advertised as a pure-and-simple fact-finding expedition was developing (as everyone had expected) into a queer peace offensive. Premier Mussolini had evidently told Mr. Welles his terms, and it was widely advertised that Adolf Hitler would do likewise. Everyone, obviously, would talk tough.

WHITE HOUSE:

Home Again

Outward from Panama into the Caribbean headed the cruiser *Tuscaloosa*, bearing Franklin Roosevelt home from a fishing expedition. South of Panama he had fished for fish; in the Canal Zone he had fished for information, getting himself convinced that America's Gibraltar is inadequately guarded.

PRESIDENT BOYD
Hell co-operate.

At a press conference aboard the *Tuscaloosa*, he gave reporters some news which startled congressmen who read it in Washington next day. Not only must the present number of guns and planes at Panama be doubled, said the President, but a long-range defense program must be arranged to extend throughout Central America and as far south as Ecuador, Colombia and Venezuela.

Reason for this, he said, was the need for a better opportunity to discover an attacking force at a much longer distance from the canal. Even the new Caribbean fortresses were inadequate protection from the east, he maintained.

An interested observer was Augusto Boyd, president of little Panama, whose country will profit by heavy U. S. expenditures in the Canal Zone. Said he, after a conference aboard the *Tuscaloosa*: "I think we're all in the same boat. Latin America must co-operate with the United States in defense of the canal. . . . We are in there 100 per cent as far as co-operation is concerned."

DOMESTIC:

Nose Count

Of all questions in the 1940 census, none has drawn more fire than those regarding personal income. When census takers begin their rounds April 1 many a citizen will probably refuse to answer these questions despite the threat of a fine. Adding weight to the G. O. P.-sponsored campaign of protest, Miss Catherine Curtis of New York appeared before the senate subcommittee on behalf of women investors. Said she: Congress will have to enlarge the jails to house protesting women if income questions are not stricken from the census.

Nevertheless Census Director William Austin went ahead with his plans, hoping his nose-count will not be completely sabotaged. Meanwhile the department of commerce announced creation of a new national income division which will "analyze and interpret the flow of income from various sources and its expenditure in the final analysis for goods and services." For its source material the division will probe every source of personal income data available, including social security records, bureau of internal revenue—and the 1940 census.

LABOR:

Biggest Election

At Washington the National Labor Relations board issued orders for the largest collective bargaining election ever held. "As soon as possible," approximately 150,000 employees in 59 General Motors plants in 11 states will cast their ballots, the principal issue being affiliation with C. I. O. or A. F. of L.

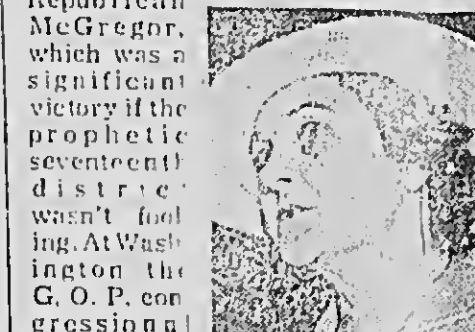

POLITICS:

Victory in Ohio

Both Republicans and Democrats conceded that Ohio's six-county seventeenth congressional district was a sounding board for Ohio's political cross-currents. In that district, Republican J. Harry McGregor was fighting it out with Democrat Byron Ashbrook, nephew of the late Rep. William A. Ashbrook.

In the twenty-second district a Republican victory was not unexpected, provided Ohio would send a woman to congress. Hoping it would, socially prominent Mrs. Frances Payne Bolton sought to succeed her late husband.

When the votes were in Mrs. Bolton found herself elected. So did Republican McGregor, which was a significant victory if the prophetic seventeenth district wasn't fooling.

MRS. BOLTON
Ohio accepted her.

Other political news: Four Democratic senators (Massachusetts' Walsh, Iowa's Herring, Michigan's Brown and Indiana's Minton) indicated they could conceive of an international situation which would make it wise to nominate and elect Franklin Roosevelt for a third term.

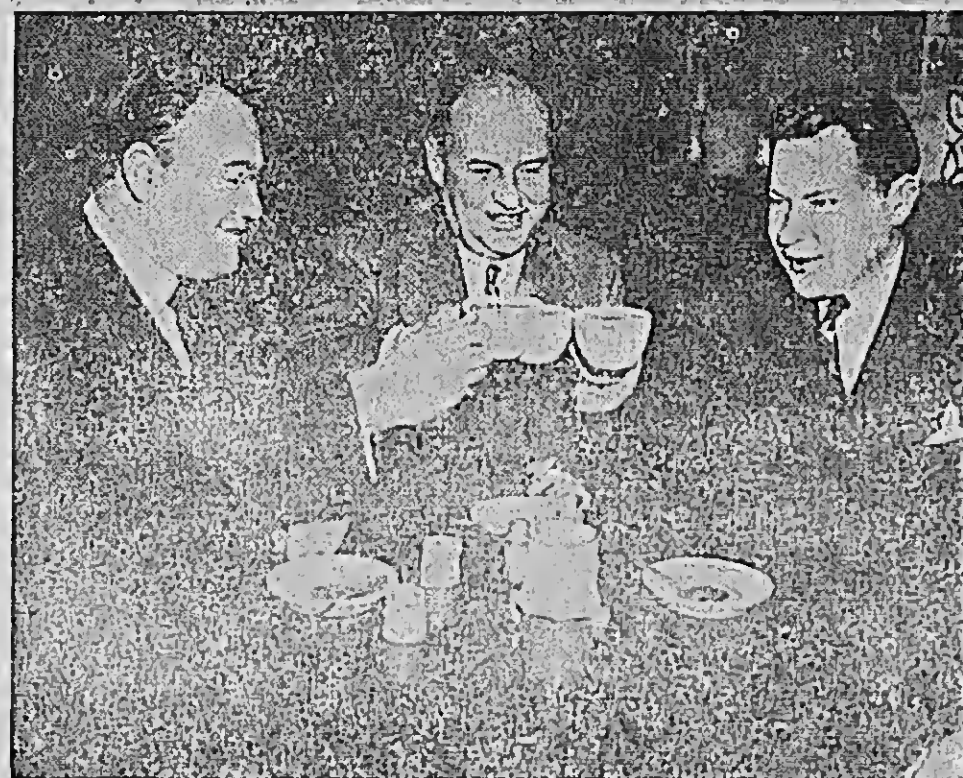

Thomas E. Dewey had his name filed in the Nebraska G. O. P. primary, where he will fight it out with Michigan's Sen. Arthur Vandenberg. Vice President John Nance Garner let his name be entered in New York.

Finn Troops View 'Gift' From Invaders

White-clad Finnish soldiers give a "stolen" machine gun a thorough examination before putting it back in commission against its former owners. A foreign military observer estimated that 100,000 Russian soldiers lost their lives in bending the Mannerheim line far enough to threaten the city of Viborg. Finnish newspapers report that Russian material losses so far have amounted to 476 planes, 1,193 tanks, 302 field guns, 399 guns, 630 motor tractors, 117 field kitchens, 1,560 horses and much other miscellaneous equipment.

Arrange Chicago Democratic Conclave

Big plans for the Democratic national convention in Chicago are being made by Oliver A. Quayle, center, treasurer of the Democratic national committee; Joseph Knight, left, secretary of the Illinois Democratic central committee, and Homer Matt Adams, president of the Young Democrats of America. The trio met in Chicago to make necessary arrangements.

EUROPE:

The Wars

Finland Front. Around Viipuri on the Karelian isthmus and near Petsamo in the far north, Finland's defenders continued retreating before Russian pressure. But the Finns held their ground at the "waistline," halfway up the border.

Western Front. Increased patrol and artillery activity was acknowledged by both high commands. Heavy German troop movements were reported near Luxembourg, and the Nazis were said to be extending the Siegfried line along the Belgian and Dutch frontiers.

In the Air. British reconnaissance planes flew over Berlin two successive nights, while Nazi planes were chased away from Paris.

POLAND'S SIKORSKI
Where will his army go?
(See Below)

At Sea. Allied warships, massing in the Arctic sea to block Russian-German sea commerce, sank two Nazi merchantmen near the Finnish shore. An undated report of naval activity off Petsamo was considered by observers as the first sign that Europe's two wars may merge.

Behind Scenes

Somewhere in France correspondents discovered Gen. Wladyslaw Sikorski of Poland drilling almost 100,000 troops—peasant boys, students, miners and professionals—men who escaped from Poland after Germany's blitzkrieg. With France's

NAMES in the news . . .

At Little America, Adm. Richard E. Byrd reported he and two assistants had mapped the long-unknown South Pacific coast of Antarctica, discovering a vast mountain range and an ice-covered island 80 miles offshore.

At London, ex-Premier David Lloyd George scored England's woefully poor food production, claiming that two and a half million acres which produced 1,000,000 tons of food in 1914 are now overgrown with weeds.

At London, it was rumored Maj. Kermit Roosevelt, son of the "Rough Rider," would leave his British army post to lead on international brigade against Russia in Finland.

Arriving in the U. S. for a three-week visit, Archduke Otto of Austria hoped to arouse sentiment for his enthronement—provided Germany loses the war and Austria is restored.

Died: Gen. William Graves, 74, who commanded U. S. expeditionary forces in Siberia from 1918 to 1920.

'Dog Show' Behind France's Front Line

An army may march on its stomach, as Napoleon once observed, but its feet have quite a bit to do with the ground covered. Hobby Show----

(continued from page 4)
and a number of these she had brought to the hobby show. Mrs. French also loaned some samples of early glassware, including "lob-nail" glass.
Old prints, glass-ware and a hand-woven tablecloth were brought by Mrs. Thomas P. Hunt, another enthusiast over the rare and the unusual in furnishings and household wares of earlier days.

A plate that was her great-grandmother's was shown by Mrs. Arthur Trieger.

Collection of Cakes

Mrs. O. W. Matthews, whose hobby is baking, amazed all with the exquisite confections making up the basketful she displayed.

Plants, fancy-work, antiques and numerous other hobbies were included among the many other exhibits.

Lace and other fancy-work shown by Ella Jensen; a talk on "Gathering Truths"—her hobby—by Mrs. A. F. Mathisen, radio lecturer; displays by Maud E. Sabin, Mrs. H. H. Grimm and Mrs. Powles—these and many others made the afternoon pass rapidly for those attending.

Exhibits in the hobby show were not confined to those of club members, and special thanks to the guests who loaned prized possessions and were present to give talks on them were given by Mrs. Hunt as president of the Woman's club.

Mrs. Horace Farwell Ferry, who had been announced earlier as a speaker for the meeting, was unable to be present.

The meeting closed with refreshments served by the hostess and her assisting committee, Meses. Ernest Simons, Maud Sabin, Earl J. Hays and C. J. Heinzelman.

Census

(continued from page 1)
during 1939 (equivalent full-time weeks). Report the amount of money wages, or salary received (including commissions) during 1939 and whether there was additional income of \$50 or more from other sources during the year.

To get a national study of racial origin, war veterans, Social Security, usual occupations and industry, and number of children born to women, each twentieth person will be asked the state or country of birth of father and mother; mother tongue; whether a veteran; whether a wife, widow or child under 18 of a veteran; if a child, is the veteran father dead; what war or military service.

Each twentieth person will also be asked whether he or she has a Social Security number, whether or not deductions were paid for Federal Old Age Insurance, or Railroad Retirement in 1939. If deductions were made, were they based on all, one half, or more, or less than half of wages or salary?

Each twentieth person will also be asked his or her "usual" occupation,

industry, and class of worker. State as usual occupation that one so regarded, or if not sure, that one at which he has worked most during the past ten years.

This supplementary Census will also ask each woman who has been married more than once: age at first marriage and number of children ever born.
